**Please note that information highlighted in yellow reflects new and updated information.**

**Updated: January 8, 2021 5:30pm**

*(Clifton)* - The Clifton Health Department, in consultation with the City Manager, Mayor and Council, understands that residents are concerned about the Coronavirus (COVID-19) pandemic.

The City of Clifton has had **369 new COVID-19 cases since last Saturday, 1/2**, bringing the total COVID-19 case count to **7,181**. **Upon further investigation, some cases were found to either be out of jurisdiction and transferred out, or found to be duplicates of existing cases. These cases have been removed from the overall spreadsheet count.**

**With heavy hearts, we are announcing an additional 6 COVID-19-related deaths, involving the following individuals: an 81-year old male, an 85-year old male, a 65-year old female, a 92-year old female, a 73-year old male, and an 86-year old female. Our sincerest condolences go out to the loved ones of these community members. The City of Clifton now has a total of 187 deaths.**

**Of these deaths, 45 have involved residents at the Daughters of Miriam Nursing Home. Please be advised that this number is reflective of the deaths identified in the Communicable Disease Reporting and Surveillance System.**

**The New Jersey Department of Health has recently updated information on the COVID-19 vaccination phases. Here is what you need to know:**

**Currently, vaccines are available to those who are in Phase 1A, which includes paid and unpaid persons serving in health care settings who have the potential for direct or indirect exposure to patients or infectious materials, as well as residents and staff of long-term congregate settings. Vaccines are also available to sworn law enforcement personnel and fire professionals, which includes but is not limited to police officers and paid and unpaid firefighters.**

**The Clifton Health Department will be holding its next COVID-19 vaccination clinic for individuals in the phase 1A tier on January 13, 2021 from 10:30am-3pm at Clifton High School, located at 333 Colfax Ave, Clifton, NJ 07013. APPOINTMENTS ARE REQUIRED. You must bring your ID or a pay stub to prove you are in the phase 1A tier otherwise you will be turned away. No exceptions.**

**For this clinic, we will be using the Clifton Health Department's Appointment Plus System. Individuals in the phase 1A tier and first responders can make an appointment for this clinic using this link: [https://booknow.appointment-plus.com/cxjv4cb4/?&e\\_id=6565](https://booknow.appointment-plus.com/cxjv4cb4/?&e_id=6565)**

**Please note that individuals with a prior history of anaphylaxis to vaccines cannot be vaccinated at this clinic. Pregnant women also cannot be vaccinated at this clinic.**

**Breastfeeding women will need to bring a prescription from their doctor.**

**Examples of healthcare workers include, but are not limited to:**

- **Licensed healthcare professionals like doctors, nurses, pharmacists, and dentists**
- **Healthcare staff like receptionists, janitors, mortuary services, laboratory technicians**
- **Healthcare consultants, per diem, and contractors who are not directly employed by the facility**
- **Unpaid workers like health professional students, trainees, volunteers, and essential caregivers**
- **Community health workers, doulas, and public health professionals like Medical Reserve Corps**
- **Personnel with variable venues like EMS, paramedics, funeral staff, and autopsy workers**
- **Other paid or unpaid people who work in a healthcare setting, who may have direct or indirect contact with infectious persons or materials, and who cannot work from home**

**For COVID-19 vaccination, any venue where healthcare occurs is considered to be a healthcare setting.**

**Examples include, but are not limited to:**

- **Acute, pediatric, and behavioral health hospitals and ambulatory surgical centers**
- **Health facilities like psychiatric facilities, Federally Qualified Health Centers, and rehabs**
- **Clinic-based settings like urgent care clinics, dialysis centers, and family planning sites**
- **Long-term care settings like nursing homes, assisted living facilities, group homes, and others**
- **Occupational-based healthcare settings like health clinics within workplaces, shelters, jails, colleges and universities, and K-12 schools**
- **Community-based healthcare settings like PACE and Adult Living Community Nursing**
- **Home-based settings like hospice, home care, and visiting nurse services**
- **Office-based healthcare settings like physician and dental offices**

- **Public health settings like local health departments, LINCS agencies and harm reduction centers**
- **Retail, independent, and institutional pharmacies**
- **Other settings where healthcare is provided**

**The remainder of the essential workers and other high risk individuals included in Phase 1B will be announced shortly. Individuals 75 years and older are also included in Phase 1B.**

**Once vaccine availability expands, vaccination will advance to Phase 1C and then Phase 2.**

**Phase 1C will include other essential workers, adults 65 and over, and persons aged 16-64 with medical conditions that increase the risk for severe COVID-19 as defined by the CDC. Defining categories of individuals to include in 1C is currently in process and will be finalized in early 2021.**

**Following these phases, the general public (Phase 2) will be eligible for vaccination.**

**Please note that this information is still in the process of being updated and is subject to change at any point. We will keep the community informed of these changes.**

**Due to an increasing volume of cases, you will notice that many of the boxes in the case information attachment are labeled “under investigation.” We are still in the process of following-up with individuals and obtaining this data. We will continue to update this spreadsheet as this information becomes available.**

**The number of COVID-19 cases is increasing. Please do not become complacent. It is very important to remember the following preventative steps you can take to reduce the risk of spreading COVID-19:**

**Practice handwashing regularly for at least 20 seconds**

- **Wear a face covering in public settings**
- **Cover your cough and sneeze with a tissue**
- **Avoid touching your eyes, nose, and mouth**
- **Clean and disinfect frequently touched objects and surfaces**
- **Stay home, especially when you are sick, and avoid close contact with people who are sick**

**In addition, be sure to practice the following social distancing measures:**

- **Keep a distance of at least 6 feet with other people**
- **Avoid unnecessary physical contact, such as handshaking**
- **Avoid attending crowded events and social gatherings. Consider replacing in-person gatherings with video chatting, voice messaging and phone calls**

As a reminder to residents, if you are being tested, remain home while awaiting your results, whether or not you're showing symptoms, to avoid potentially infecting other people. Also remember, you cannot test out of quarantine. A negative test means you are negative at the time of testing and you can still test positive during the quarantine period. If you are a close contact, you must quarantine for the full 14 days.

The Passaic County Board of Chosen Freeholders is offering free COVID-19 testing at home in partnership with Vault Health. This program is available to Passaic County residents only. Health insurance is not required. For more information, or to register, please check out this link: [https://www.passaiccountynj.org/government/departments/health/at-home\\_covid-19\\_testing/index.php](https://www.passaiccountynj.org/government/departments/health/at-home_covid-19_testing/index.php).

The Health Department is in the process of contacting earlier COVID-19 cases for follow-up. A “Follow-Up Status” column has been added to the spreadsheet attachment to give the community a better understanding of the number of recoveries so far. This column will be updated regularly as we receive information from follow-up interviews.

In the attachment, you will notice that we have now included ALL cases we have received so far, including Little Falls cases and transferred cases. This does not change today’s total case count, and it is being done for our convenience in order to better track our cases.

If you receive a call from the Clifton Health Department for case follow-up, there are specific questions we would ask. We would **never** ask for your social security number, so if you receive a call from anyone claiming to be a representative of the Clifton Health Department who asks for your social security number, please hang up immediately and report it to the Police Department at 973-470-5911.

As of 4/3/2020, the CDC recommends wearing cloth face coverings in public settings where other social distancing measures are difficult to maintain (e.g., grocery stores and pharmacies). The CDC advises the use of simple cloth face coverings to slow the spread of the virus and help people who may have the virus and do not know it from transmitting it to others. Cloth face coverings should: fit snugly but comfortably against the side of the face, be secured with ties or ear loops, include multiple layers of fabric, allow for breathing without restriction, be able to be laundered and machine dried without damage or change to shape.

The cloth face coverings recommended are **not** surgical masks or N-95 respirators. Those are critical supplies that must continue to be reserved for healthcare workers and other medical first responders, as recommended by current CDC guidance. For more information on cloth face masks, please visit: <https://www.cdc.gov/coronavirus/2019-ncov/prevent-getting-sick/diy-cloth-face-coverings.html>

**Please note: the Health Department does not have the capacity to distribute masks, sanitizers, and other supplies to the public.**

The CDC has recently expanded its list of COVID-19 symptoms to include the following:

- Fever

- Cough
- Shortness of breath or difficulty breathing
- Chills
- Repeated shaking with chills
- Muscle pain
- Headache
- Sore throat
- New loss of taste or smell

Some people who are exposed may show mild symptoms, while others may show severe illness. Remember that symptoms can appear **anywhere from 2-14 days after an exposure.**

Clifton parks may only be utilized for walking, running or bicycling only. If you plan on attending a park, you must have a mask on (that covers your nose and mouth) at all times. There is to be no congregating or stopping at any time.

**The following executive orders signed by Governor Murphy remain in effect:**

**Executive Order 133, signed on 4/29/2020**, re-opening state/county parks and golf courses.

**Executive Order 142, signed on 5/13/2020**, which allows the following:

- **The restart of non-essential construction, effective 5/18/2020 at 6:00am.** Safeguards must be put in place, including clear posting of safety protocols, preventing overcrowding, prohibiting non-essential visitors, staggering work hours and breaks, and ensuring proper sanitation.

The Order mandates that as of 6:00 a.m. on November 5<sup>th</sup>, all employers, at minimum, require individuals at the worksite to maintain at least six feet of distance from others to the maximum extent possible and require employees and visitors to wear masks when entering the worksite, subject to certain limited exceptions.

**Executive Order 195, signed on 11/12/2020**, announcing that effective 11/12, all restaurants, bars, clubs, and lounges that serve food and drink must close their indoor premises for business by 10 pm each day and cannot open until at least 5 am the following day. Outdoor dining, takeout, and delivery services may continue past 10 pm.

Additionally:

- Casinos must stop serving food/drinks at 10:00 PM
- All barside seating will be prohibited
- Restaurants may place tables closer than 6 feet ONLY if separated by barriers
- Individual fully-enclosed dining bubbles may be set-up for outside use

**Executive Order 196, signed on 11/16/2020**, announcing important changes in indoor and outdoor gatherings: effective 11/17/2020, indoor gatherings are now limited to a maximum of 10 people.

The following indoor gatherings may continue under the current rules – limited to 25% of a room's capacity, up to 150 people:

- Religious services/celebrations and political events
- Weddings
- Funerals/memorial services
- Performances

**Executive Order 204, signed on 11/30/2020**, stating the following: effective 6:00am on Monday, December 7, 2020, outdoor gatherings will be restricted to 25 individuals. Exemptions include religious or political activities, funerals, memorial services, and wedding ceremonies.

Additionally, effective 6:00am on December 5, 2020, at least through January 2, 2020, all indoor youth and adult sports are being placed on a full pause. The only exceptions include collegiate-level and professional teams.

Effective, 6/9/2020, the stay-at-home order has been lifted. However, residents are strongly urged to continue to practice appropriate precautions, such as wearing a face covering when going out and maintaining social distancing.

On 6/18/2020, Governor Murphy has announced that retail shopping malls may re-open on 6/29/2020, with the following requirements:

- Masks are required to be worn by employees and patrons
- Restaurants may provide take-out or outdoor dining, but food court seating and common seating areas are to remain closed
- Theatres and arcades will remain closed

On 6/19/2020, Governor Murphy announced that, beginning on 6/21/2020, the following locations will be able to permit visitors in designated outdoor spaces:

- Nursing homes
- Assisted living residences
- Dementia care homes
- Pediatric transitional care homes
- Comprehensive personal care homes

Visitors must be screened for COVID-19 symptoms – including a temperature check – and facilities must follow safety and infection prevention and control measures in order to allow visitation.

The New Jersey School-Age Tuition Assistance Program has been launched, which will provide tuition assistance to parents/caretakers with school-age children (5 to 13 years old) in need of child care due to schools' remote learning schedules this fall as a result of the COVID-19 public health emergency.

To be eligible for this assistance, you must be:

- a NJ resident;
- your child must be attending school remotely, either part-time or full-time; and
- your annual gross household income must be \$75,000 or less.

This assistance is available until December 30, 2020 and applications will be accepted until funds are exhausted. For more information, or to fill out the application, please use this link:
