

Clifton Health Department Food Recall Notification

Food/Drug/Pet Recall: Primary Colors Design Corp

Primary Colors Design Corp of Ashland, OH is recalling Chocolate Chip Cookies Gable Box with UPC 84512050159 because it may contain undeclared egg allergen. People who have an allergy or severe sensitivity to egg run the risk of serious or life-threatening allergic reaction if they consume these products.

Peppa Pig Chocolate Chip Cookies were distributed to Marshalls Distribution Center in Georgia which were further distributed to Marshalls Stores. Primary Colors Design Corp did not distribute the affected recalled product of Peppa Pig Chocolate Chip Cookie Gable Boxes to any other states or retailers.

Peppa Pig Chocolate Chip Cookie Gable can be identified in a 7.0oz corrugate box with expiration date of 09/18/2021 on the top right of the handle and lot code of 091820 on the cookie bag.

No illness or customer complaints have been reported to date.

The recall was initiated after it was discovered that Peppa Pig Chocolate Chip Cookie Gables were distributed in packaging that did not reveal the presence of egg. Subsequent investigation indicates the problem was caused by inadvertently filling the box with another chocolate chip cookie, potentially exposing consumers to an undeclared allergen: egg.

Consumers who have purchased the Peppa Pig Chocolate Chip Cookie with the affected lot code are encouraged to notify Primary Colors Design Corp at sales@primarycolorscorp.com or 419- 903-0403 during normal business hours (8:00am - 5:00pm EST, Monday- Friday).
