Partners

Northeast New Jersey Legal Services's (NNJLS) mission is to ensure equal access to justice for low-income residents of Bergen, Hudson, and Passaic Counties, New Jersey. No one should be denied a meaningful opportunity to have their day in court simply because they cannot afford a lawyer.

Hackensack Meridian
Mountainside Medical Center

Mountainside Medical Center's sponsorship program is committed to partnering with organizations in the communities we serve. Apart from the valuable hours the staff, administration and physicians donate to non-profit organizations, schools, community events, and health clinics, they annually make significant contributions to local education, healthcare and charitable organizations.

Passaic County Hope One is a Mobile Recovery Unit intended to reduce substance use disorder and help individuals with mental illness access appropriate treatment and resources, and support individuals on their path to recovery. It is staffed with a Certified Peer Recovery Specialist, a Mental Health Professional trained as a Certified Peer Recovery Specialist and a plain clothed Sheriff's Officer.

SERV Behavioral Health System, Inc. is a private statewide, not-for-profit behavioral healthcare organization serving adults and children working to recover from a serious mental illness or cope with a developmental disability.
