Food/Drug/Pet Recall: Pfizer, Inc.

Pfizer Consumer Healthcare, a division of Pfizer Inc., is voluntarily recalling one lot of ThermaCare® Back Pain Therapy HeatWraps, up to 16HR pain relief, to the consumer level. Pfizer Consumer Healthcare initiated this recall due to the potential that a HeatWrap could include cells that have a higher cell temperature than specified.

The use of a wrap with a cell with increased temperature poses a potential risk of skin injuries such as burns/blisters and/or skin irritation on the wrap applied area. The product label recommends the user to stop use or wear a layer of clothing if the product feels too hot to prevent skin injuries.

ThermaCare® Back Pain Therapy HeatWraps provide heat therapy for temporary relief of minor muscular and joint aches and pains associated with overexertion, strains, sprains, and arthritis.

The ThermaCare® Back Pain Therapy HeatWraps, up to 16HR pain relief, master lot impacted is S97473, UPC 305733010037 (Lower Back and Hip Therapy, 2 count carton) and was used in the manufacturing of 17 retail display case sub lots.
