Food/Drug/Pet Recall: Nestle Purina PetCare Company

Out of an abundance of caution, Nestlé Purina PetCare Company is voluntarily recalling a limited amount of Muse wet cat food Natural Chicken Recipe in Gravy in three-ounce cans. The product could contain rubber pieces that are translucent yellow with a blue backing, which may present a potential choking hazard.

The company became aware of the issue after receiving complaints from pet owners who observed the rubber pieces in the product.

While the firm has not received any reports to date of injury or illness to cats fed this product, we are conducting this voluntary recall as a precaution. The company recommends that you discard any of the affected product you may have, and we will replace it.

The affected products were distributed nationwide and available for purchase at pet specialty and e-commerce retailers. The firm has asked its retailers to remove these affected products.

You can identify the product by the UPC, production code and "Best By" date on the bottom of the can. If you purchased a variety pack, only the Natural Chicken Recipe in Gravy cans are included in the recall.

You can call the company with any questions at 1-800-982-3885, 24 hours a day, 7 days a week.

No other Purina products are impacted by this voluntary recall.
