If you are traveling to New Jersey from any one of these highly impacted states and U.S. jurisdictions, you are urged to self-quarantine for 14 days. This means that you should NOT leave your home, hotel, or other lodging, except to seek medical care/treatment, or to obtain food and other essential items (while practicing the appropriate precautions). Please visit [covid19.nj.gov/travel](https://www.nj.gov/covid19/travel) for updates on the list of states on the quarantine advisory, and to learn whether you should be self-quarantining.

As a reminder to residents, this pandemic is NOT over. We cannot become complacent, especially as the number of COVID-19 cases continues to increase in other states. It is crucial that residents continue to practice these important precautions:

- Practice handwashing regularly for at least 20 seconds
- Wear a face covering in public settings
- Cover your cough and sneeze with a tissue
- Avoid touching your eyes, nose, and mouth
- Clean and disinfect frequently touched objects and surfaces

- **Stay home, especially when you are sick, and avoid close contact with people who are sick**

In addition, be sure to practice the following social distancing measures:

- **Keep a distance of at least 6 feet with other people**
- **Avoid unnecessary physical contact, such as handshaking**
- **Avoid attending crowded events and social gatherings. Consider replacing in-person gatherings with video chatting, voice messaging and phone calls**

The Passaic County Board of Chosen Freeholders is offering free COVID-19 testing at home in partnership with Vault Health. This program is available to Passaic County residents only. Health insurance is not required. For more information, or to register, please check out this link: https://www.passaiccountynj.org/government/departments/health/at-home_covid-19_testing/index.php.

Clifton restaurants that plan to reopen for outdoor dining on 6/15/2020 must complete the *Application for License* and provide a detailed seating/plot plan to the City for approval. Restaurants must also comply with Executive Order #150, signed by Governor Murphy on 6/3/2020. To fill out the application, or for more information on guidelines and procedures that must be followed, please visit: <https://www.cliftonnj.org/344/Outdoor-Cafe-Application-2020>.

The City has prepared a list of Clifton restaurants that have been approved for outdoor dining so far. Please refer to the attachment for this information. This list will continue to be updated as needed.

The Health Department is in the process of contacting earlier COVID-19 cases for follow-up. A “Follow-Up Status” column has been added to the spreadsheet attachment to give the community a better understanding of the number of recoveries so far. This column will be updated regularly as we receive information from follow-up interviews.

In the attachment, you will notice that we have now included ALL cases we have received so far, including Little Falls cases and transferred cases. This does not change today’s total case count, and it is being done for our convenience in order to better track our cases. Additionally, due to a large volume of cases, you will notice that many of the boxes in the case information attachment are labeled “under investigation.” We are still in the process of following-up with individuals and obtaining this data. We will continue to update this spreadsheet as this information becomes available.

If you receive a call from the Clifton Health Department for case follow-up, there are specific questions we would ask. We would **never** ask for your social security number, so if you receive a call from anyone claiming to be a representative of the Clifton Health Department who asks for your social security number, please hang up immediately and report it to the Police Department at 973-470-5911.

We would like to take a moment to remind the community that all residents, regardless of age, need to take the COVID-19 pandemic very seriously and must practice the precautions mentioned below. **To help stop the spread, everyone must do their part.** Please **stay home** unless it is absolutely necessary to leave your home.

To reduce your risk of coming into contact with COVID-19, as per the Centers for Disease Control and Prevention (CDC), please be sure that you:

- Practice handwashing regularly for at least 20 seconds
- Cover your cough and sneeze with a tissue
- Avoid touching your eyes, nose, and mouth
- Clean and disinfect frequently touched objects and surfaces
- Stay home, especially when you are sick, and avoid close contact with people who are sick

In addition, be sure to practice the following social distancing measures:

- Keep a distance of at least 6 feet with other people
- Avoid unnecessary physical contact, such as handshaking
- Avoid attending crowded events and social gatherings. Consider replacing in-person gatherings with video chatting, voice messaging and phone calls

As of 4/3/2020, the CDC recommends wearing cloth face coverings in public settings where other social distancing measures are difficult to maintain (e.g., grocery stores and pharmacies). The CDC advises the use of simple cloth face coverings to slow the spread of the virus and help people who may have the virus and do not know it from transmitting it to others. Cloth face coverings should: fit snugly but comfortably against the side of the face, be secured with ties or ear loops, include multiple layers of fabric, allow for breathing without restriction, be able to be laundered and machine dried without damage or change to shape.

The cloth face coverings recommended are **not** surgical masks or N-95 respirators. Those are critical supplies that must continue to be reserved for healthcare workers and other medical first responders, as recommended by current CDC guidance. For more information on cloth face masks, please visit: <https://www.cdc.gov/coronavirus/2019-ncov/downloads/DIY-cloth-face-covering-instructions.pdf>.

The Health Department does not have the capacity to distribute masks, sanitizers, and other supplies to the public.

The CDC has recently expanded its list of COVID-19 symptoms to include the following:

- Fever
- Cough
- Shortness of breath or difficulty breathing
- Chills
- Repeated shaking with chills
- Muscle pain
- Headache
- Sore throat
- New loss of taste or smell

Some people who are exposed may show mild symptoms, while others may show severe illness. Remember that symptoms can appear **anywhere from 2-14 days after an exposure.**

Out of an abundance of caution, the following locations in the City of Clifton will remain closed to the public until further notice:

- Clifton City Hall
- Clifton Municipal Court (sessions have been suspended until further notice)
- Clifton Public Schools
- Fire Headquarters
- Clifton DPW Garage
- Clifton Senior Center (Seniors who are in need of a meal should call Margaret Nysk at 973-470-2249)
- Clifton Arts Center
- Boys and Girls Club of Clifton
- Clifton Recreation Center
- Clifton Public Libraries
- Clifton Hamilton House Museum
- City Well
- Clifton Animal Shelter (appointments are available to come in. Please visit www.cliftonanimalshelter.com for more information or call 973-470-5936 with any questions)
